SPECIAL NOTE FROM Cowboy Capital Pet Assistance League:

The majority of dogs in our care are mixed breeds. There is no easily identifiable breed history. While in our care we do our best to identify certain breed traits such as size, temperament, appearance, etc. That being said we cannot say for certain what breed they are. We do not DNA test. We, with the help of our veterinarians, will give you the best estimate of breed mix as well as their approximate size and weight when grown (unless they are already adults, of course.)
